The waves are white and frothy, creating a textured pattern as they meet the shore. The text 'THE CEREMONY' is overlaid in a white, serif font with a thin gold outline. The word 'THE' is positioned above 'CEREMONY', and the 'O' in 'CEREMONY' features a small gold cross-like symbol in its center.

THE CEREMONY

Planning your dream wedding can be both exciting and overwhelming, but at our hotel, we strive to make your special day as seamless and memorable as possible. We are proud to hold both a wedding license and a civil ceremony license, which means the legal aspects of holding your ceremony at our venue are already taken care of. The only thing you need to do is book your registrar, who will officiate your wedding and ensure all the legal paperwork is handled correctly.

To begin your journey towards a perfect wedding day, simply reach out to the local registrar's office to confirm their availability for your chosen date. Once your registrar is booked, our team will work closely with you to plan all the other elements of your wedding, guaranteeing a day that you and your guests will cherish forever. Remember, at our hotel, your dream wedding awaits, and we are here to help you every step of the way.

Planning a grand wedding is all about creating unforgettable moments and ample space for every part of your celebration. Hiring both rooms at a venue can significantly enhance the experience, providing distinct areas for different segments of your event. Starting with a beautiful ceremony in our Meur room, you can seamlessly transition your guests into the Munys room for welcome drinks before enjoying your wedding breakfast. This would be the perfect time to take your photos. This setup not only adds an element of surprise and novelty but also allows for a change in decor and ambiance that can match the specific mood of each part of your celebration.

As the day progresses into the evening, the capacity to accommodate additional guests becomes a tremendous advantage. With room for 76 more guests, you can invite more friends and extended family to join in the festivities. This is especially beneficial for those who may want a smaller, more intimate ceremony but still wish to have a large reception. The additional space ensures that everyone is comfortable and has room to mingle, dance, and enjoy the evening.

Moreover, using both rooms allows for greater creativity in planning and decorating. You might theme each room differently, perhaps one reflecting the elegance and formality of the ceremony and the other designed for fun and festivity, suitable for a reception with music, dancing, and entertainment. This dual-space option thus not only accommodates more guests but also enriches the overall wedding experience, making your grand day truly spectacular and memorable for everyone involved.

TAILORED PACKAGE

Planning your wedding should be a joyful and personalised experience, which is why we offer flexible wedding packages that can be customised to fit your unique vision and requirements. Whether you're planning an intimate gathering of 50 guests or you have specific preferences for the layout, we are here to ensure that every detail aligns with your desires. Our options range from comprehensive packages that cover all aspects of your special day to more basic options focusing solely on venue hire.

We understand that every couple is different, and our aim is to make your wedding day as perfect and stress-free as possible. By collaborating with our experienced Event Manager, you can rest assured that your wedding will be crafted to reflect your individual style and taste. They are skilled in turning your ideas into reality, ensuring that each element of the day meets your expectations.
